FOR IMMEDIATE RELEASE

Klipsch Expands High-Resolution Powered Monitors Range

Indianapolis, Ind. (February 24, 2023) — Klipsch® is pleased to announce the UK release of **The Nines** and **The Sevens**. The two new high-resolution powered monitors join Klipsch's award-winning lineup of Heritage Wireless series of speakers, which already includes The Fives. Incorporating true craftsmanship — luxury materials, such as real wood veneer and tactile metal switches and knobs — with true entertainment, the Klipsch Heritage Wireless series of powered audio systems blend the acoustics and classic design legacy of Paul W. Klipsch with the latest technologies available today.

Klipsch The Nines and The Sevens powered monitors deliver room-filling sound with minimum space required, thanks to a built-in amplifier that is custom-engineered to maximize output and sound quality.

The speakers are extremely versatile, easy to set up and use and connect to virtually everything — including TVs via HDMI-ARC. They include an integrated phono pre-amp, *Bluetooth*® wireless technology, digital optical, analogue RCA, USB inputs and a subwoofer output. The bi-amping design improves clarity and output, and the powered monitors feature a 192kHz / 24-bit decoding for flawless reproduction of high-resolution audio tracks.

Klipsch The Nines and The Sevens feature 1” titanium tweeters on Tractrix® horns. Larger in size and output, The Nines, with 240W total system power, employ an all-new 8” long-throw high excursion composite cone woofer, while mid-sized The Sevens, with 200W total system power, use a 6.5” long-throw woofer for room-filling sound and enhanced bass. The speakers are available in Walnut and Black veneer.

Klipsch The Nines and The Sevens powered monitors are compatible with the Klipsch Connect App, allowing users to customize EQ and subwoofer volume settings, dynamic bass, night listening mode, over-the-air firmware upgrades, a digital quick-start guide, and much more. Klipsch The Nines (£1,849.00) will be available Q1 2023, and The Sevens (£1,499.00) are also due on shelves during Q1 2023. For more information, visit [Klipsch.com](https://www.klipsch.com). Henley Audio distributes Klipsch in the UK.

About Klipsch Audio

In 1946 Paul W. Klipsch, inventor, acoustics pioneer and maverick, founded Klipsch Audio with the sole purpose of bringing the power, detail and emotion of the live music experience into his living room. Through the use of highly efficient speaker designs, handcrafted cabinetry and a thirst for real engineering breakthroughs – Klipsch, the great American loudspeaker company, was born in Hope, AR. Today, our diverse range of quality audio products includes speakers and headphones for almost any consumer and professional application – including cinema, whole-house, wireless, home theatre and portable offerings. Honouring our founder’s legacy, Klipsch continues to be the legendary high-performance brand of choice for audiophiles and aficionados around the world. We are the Keepers of the Sound®.

“Klipsch® is a trademark of Klipsch Group, Inc., registered in the US and other countries. Klipsch Group, Inc. is a VOXX International Company (NASDAQ: VOXX).
