

WiiM

WiiM Mini

Turn any audio gear smart

WiiM Mini is the ultimate music streamer with Apple Airplay 2, Spotify Connect, TIDAL Connect, Amazon Music Cast, DLNA, Hi-Res, lossless audio, multiroom audio and more. WiiM Mini turns your existing stereo system smart, so you can play all your favorite music from your music app, the WiiM App, or voice by using Alexa or Siri, all in the highest possible sound fidelity.

Apple Airplay 2 Receiver

Use your iOS, Mac devices, and Apple TV to stream all your favorite music and audio to your speakers.

Multiroom audio with flexibility

Easily build your multiroom sound system with AirPlay 2 speakers or Amazon Echo using WiFi streaming as the source.

Gapless Playback Hi-Res Music

Stream up to 24-bit/192 kHz music using the digital and analog output and experience gapless playback and bit-perfect output via digital audio output (optical).

All music in one app

Using the WiiM Home app enjoy music services such as Amazon Music, Deezer, Qobuz, TIDAL, iHeartRadio, TuneIn, SoundCloud, and more.

Spotify Connect, TIDAL Connect & Amazon Music Cast

Stream music directly from Spotify, TIDAL, or Amazon Music apps. Works for Spotify Free/Premium users, TIDAL's HiFi and master quality (no MQA), and Amazon HD and Ultra HD.

Voice control

Works with Alexa and Siri Voice Assistants. Use your voice on your phone, HomePod, Echo, or Alexa built-in devices to control music selection, volume, and playback.

Frequent software updates

Enjoy new features, new music services, and enhancements through regular firmware updates to provide you with the best audio experience.
