

FLEXUS SUB 100

COMPACT WIRELESS 10" SUBWOOFER

Klipsch®

Enhance your audio journey with Flexus, our cutting-edge sound system, meticulously crafted to immerse you in unparalleled sonic bliss.

FLEXUS SOUND SYSTEM

The Flexus sound system comprises 2 sleek sound bars Flexus Core 100 and 200, one pair of compact surround speakers (SURR 100), and a powerful subwoofer (SUB 100) to create an expansive audio landscape that brings movies, music, and gaming to life like never before.

With our Flexus sound system, prepare yourself to be transported into a realm where sound knows no boundaries. Discover the difference with our exceptional sound system and embark on a journey of audio excellence that will redefine your perception of home entertainment.

BIG BASS, SMALL FOOTPRINT

The Flexus 10" Subwoofer packs a lot of punch per square inch thanks to careful Klipsch engineering. Enjoy powerful bass with plenty of depth, thanks to a high-excursion paper cone woofer, without sacrificing the low latency and musicality typically displayed by larger subwoofers. The Flexus Sub 100 subwoofer works exclusively with Flexus core 100 and 200 soundbars to bring powerful bass to your home cinema system.

BETTER TOGETHER: TWO SUBS ARE BETTER THAN ONE

Thanks to our "à la carte" system, you have the flexibility of adding 1 or 2 subwoofers to your Flexus soundbar to get more bass. By having two identical Flexus 10" Subwoofers, you'll reduce the level of distortion while using less power, especially in a large room.

KLIPSCH WIRELESSTRANSPORT TECH FOR ULTIMATE CONNECTIVITY

Klipsch Transport, a wireless technology from Klipsch, connects all Flexus products (soundbars, surrounds, subwoofers) quickly and without latency.

SIMPLE SETUP, SLEEK STYLE

Style matters. That's why Klipsch Flexus was meticulously engineered down to the last millimeter with premium materials, thoughtful design, and calculated engineering. The entire range has been designed to ensure that all products (soundbars, surrounds, subwoofers) blend seamlessly into your interior.

ECO-CONSCIOUS PACKAGING

We're committed to providing great sound for generations - which is why our packaging is designed to be earth-friendly, with careful consideration to minimize waste and maximize recyclability.

POWERED BY ONKYO®

Meticulously reviewed by our engineers at sister company Onkyo, the Klipsch Flexus system passed over 1,000 rigorous tests to ensure awesome audio performance and stellar interconnectivity.

SPECIFICATIONS

FREQUENCY RESPONSE	26Hz - 250Hz +/- 3dB
MAX ACOUSTIC OUTPUT	103.7dB
AMPLIFIER TYPE	Class D
AMPLIFIER POWER	80W RMS / 160W Peak
WOOFER	10" Long Throw Paper Cone Woofer
ENCLOSURE MATERIAL	MDF
ENCLOSURE TYPE	Sealed
INPUTS	RCA/LFE Line In • Flexus Transport 2.4Ghz Wireless
HEIGHT	13.38" (340mm)
WIDTH	13.19" (335mm)
DEPTH	13.75" (349mm)
WEIGHT	20.7lbs (9.4kg)
FINISH	Ebony Vinyl
INCLUDED ACCESSORIES	(1) 2.0m Right-Angle IEC Power Cord (Region Specific) (1) Flexus Transport Wireless dongle (1) User Manual
