2-way bass reflex monitor speaker
- **Stereo Box E**
HiFi amplifier with 8 inputs
- **Connect it LS E Flex 3m**
High quality OFC copper speaker cable
- **Damp it**
special TPE damping feet

NO STEREO, NO HIFI

Standard all-in-one systems with speaker, amplifier, and streaming in one cabinet are **MONO**.

DIGITALLY ENHANCED

A small cabinet in plastic does not allow bass. The sound is enhanced by electronics like ketchup to the food.

Typical „wireless“ streaming or BT speaker

IT IS OK FOR BACKGROUND MUSIC

But **NOT OK** when you want to enjoy music like a **Live-Concert!** For that you need the illusion of a sound stage and also a linear frequency response to hear the instruments like in nature!

For this you need a **STEREO HIFI SYSTEM** with **2 SPEAKERS**.

THE COLOURFUL AUDIO SYSTEM OFFERS IT ALL

- **TRUE** HiFi Stereo
- **ANALOG** warm sound experience
- **STREAMING** wireless high resolution Bluetooth
- **CONNECTIVITY** to TV, radio, CD player, etc.
- **TIMELESS DESIGN** in beautiful colours

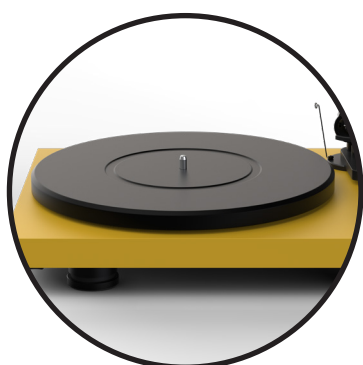

Premium Turntable - Made in Europe!

The Debut E focuses on the core aspects that make a turntable sound great. Technically correct design - expert craftsmanship - handmade in the EU. This turntable is built to last you a lifetime!

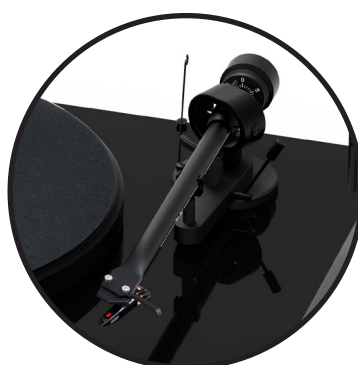

The solid MDF plinth without any hollow spaces and a heavy weight steel platter establish the perfect base. Paired with a premium aluminium tonearm and the Ortofon OM5e cartridge a high quality sound reproduction is guaranteed.

An adjustable acrylic dust cover is also supplied to keep the turntable dust free.

Heavy 1,7kg steel platter

The platter is heavier than anybody else's on the market. This minimizes wow & flutter and ensures a high quality playback.

One-piece aluminium tonearm

Premium one-piece 8,6" aluminium tonearm design.

High quality Ortofon OM5e

High quality MM cartridge which delivers an open and dynamic sound.

Versatile Integrated Stereo Amplifier

It offers a phono RCA input for MM cartridges as well as two line RCA inputs for e.g. the CD Box E. You can also connect digital sources like your TV or a CD transport via the coax or optical S/PDIF inputs. If you want to stream your music from your mobile phone, tablet or pc you can simply connect to the high definition AptX HD capable Bluetooth input with a sound quality up to 24-bit & 48kHz.

The Stereo Box E also provides versatile output options. Use your favourite headphones to privately enjoy your favourite tracks or connect your speakers with the 4 mm banana plugs. The variable RCA output also allows you to include a subwoofer or another power amplifier in your setup.

With the supplied remote control you are able to analogue change the volume with the motor driven potentiometer and switch your input.

Audiophile Bookshelf Speaker

The Speaker Box 5 E Carbon features a 1" silk dome tweeter, paired with a special 5" fiber glass carbon composite woofer. Mounted into an ultra stiff non resonating MDF cabinet, these chassis deliver an audiophile music reproduction.

The speaker delivers an audiophile flat frequency response from 65 to 20.000 Hz with flawless details. It offers a tight powerful bass and keeps the musicality alive.

The look of the Speaker Box 5 E Carbon is subtle but classy, allowing it to be included in any interior style. It is available in various finishes to match every listeners preferences. Speaker grilles in black are included in the box.

Connect it LS E Flex & Damp it

Connect it LS E Flex is a high purity oxygen free copper speaker cable with gold-plated banana plugs. Due to its high flexibility it allows a very easy installation. The cables come in a pre-configured 3m stereo set.

Damp it are particularly suitable for bookshelf speakers & prevent the transmission of structure-borne sound from subsonics up to 500 Hz. The effect is similar to electronic subsonic filters, but without their sonic disadvantages.

Debut E

- Quality hand-made in Europe
- 8,6" one-piece aluminium tonearm
- Pre-adjusted Ortofon OM5e cartridge
- Electronic speed switch on the bottom
- High quality MDF chassis
- Precision belt drive
- Heavy steel platter
- Semi-symmetrical cable with metal connectors
- Gold plated RCA connectors
- Silicon-damped tonearm lift
- Dust cover & felt mat included

Connect it LS E Flex

- 2x 3m pre-configured speaker cable
- Gold plated banana connectors
- High purity oxygen-free copper (HP-OFC)
- Polarity marking for correct installation
- Flexible for easy cabling

Damp it

- Special rubber feet
- Optimal isolation of the speaker from the turntable
- When turntable & speaker are on the same level

Stereo Box E

- Ultra compact integrated amplifier
- Analogue volume control with motor potentiometer
- 3 analogue inputs (1x Phono MM, 1x RCA & 1x 3,5mm)

- Bluetooth wireless streaming
- Subwoofer output
- Gold plated RCA connectors
- Control it 1 included
- Brushed aluminium front panel & control buttons
- Heavy duty steel case

Speaker Box 5 E Carbon

- 2-way bass reflex principle
- Audiophile frequency response
- Cutting edge fiber glass carbon composite woofer
- Low coloration and great transparency
- Highly detailed sound stage
- Gold plated banana terminals
- Non-resonating MDF cabinet

Debut E:

Speed: 33, 45/(78) (electronic speed change)

Drive principle: belt drive, electronic speed control

Platter: 300mm, steel platter

Platter bearing: stainless steel axle in bronze bushing

Wow & flutter: 33: +/-0,22%; 45: +/-0,21%

Speed drift: 33: +/-0,80%; 45: +/-0,85%

Signal to noise: 68dB

Tonearm: 8,6" one-piece aluminium tonearm

Effective arm length: 218,5 mm

Overhang: 18,5mm

Included accessories: 15V DC / 0,8A power supply, dust cover, 78 RPM round belt, 7" single adapter

Power consumption: 4W / 0W standby

Dimensions: 415 x 113 x 320mm (WxHxD)

Dustcover open: 415 x 365 x 405mm (WxHxD)

Weight: 5,5 kg net (7 kg incl. packaging)

Stereo Box E:

Power output: 2x 40W at 4 ohms (1% THD)

THD: < 0,12% at 5W / 4 ohms

Phono MM input: 1 x RCA with grounding screw

Line level inputs: 1 x RCA, 1 x 3.5mm

BT music receiver codec: aptX, aptX HD, A2DP

Outboard power supply: 20V/3A DC

Power consumption in standby: <0.5W

Replacement battery remote control: 2x AAA 1,5V

Dimensions WxHxD (with sockets): 206x51x186 mm

Weight: 1kg without power supply (2kg incl. packaging)

Speaker Box 5 E Carbon:

Enclosure type: bass reflex via rear firing port

Recommended amplifier power: 10 to 150 watts

Frequency response: 65Hz - 20kHz

Nominal impedance: 4 ohms

Sensitivity: 86dB (1w /1m)

Chassis: 1" silk dome tweeter

5" carbon fiber glass bass/mid

Dimensions: 270 x 165 x 220 mm (HxWxD)

Weight: 4,76 kg each (10 kg incl. packaging total)
