

Connect it Power RS cables

High performance cables for Power Box components

- High conductivity power cable with improved shielding
- Replace standard power connections, which are included with Power Box components
- Avoids cable spaghetti through individual lengths
- Available in 0,20 - 0,41 - 0,82 - 1,23 - 1,85m

With cables optimized for power transmission, an ultimate level of audiophile performance can be achieved. We offer these special high quality power cables in 5 different lengths for every possible Power Box/Box Design combination. The following chart will help you to find correct cable for your setup. When ordering, just add desired length!
