

WiiM

WiiM Pro Plus

An audiophile-grade streamer without needing an additional external DAC

Meet WiiM Pro Plus

WiiM Pro Plus is an audiophile-grade music streamer good at both digital and analog audio outputs. It supports Apple AirPlay 2, Google Chromecast, Alexa Music Cast, DLNA, Spotify Connect, TIDAL Connect, Hi-Res lossless, and multiroom audio. It turns your traditional speakers, stereos, or receivers smart, so you can play all your favorite music from your music app, the WiiM App, or voice using Alexa, Google Assistant, or Siri, all in the highest possible sound fidelity.

- Stream music, podcasts, audiobooks, and internet radio on your favorite audio devices with the bit-perfect digital output or high-fidelity analog audio (SNR>120dB, THD+N<0.0004%).
- Use your iOS, Mac book, and Apple TV to stream your favorite music and audio to

your speakers

- Use hundreds of Chromecast-enabled apps to stream music, TV audio, radio stations, podcasts, and local content to one or multiple audio devices
 - Enjoy gapless playback of Hi-Res music up to 24-bit/192 kHz using SPDIF, Coax, and Line output
 - Use the WiiM Home App to control content and device from one place. Enjoy music services such as Amazon Music, Spotify, Deezer, Qobuz, TIDAL, Pandora, iHeartRadio, TuneIn, SoundCloud, CalmRadio, RadioParadise, SoundMachine, BBC Radio, Napster, vTuner.
 - Stream music directly from Spotify, TIDAL, or Amazon Music Apps. Works for Spotify Free/Premium users, TIDAL HiFi and HiFi+ (with MQA), and Amazon HD/ Ultra HD.
 - Works with Alexa, Google, and Siri voice assistants. Use your voice on your phone, HomePod, Echo, or Google Home devices. Control music selection, volume, and playback with voice.
 - Enjoy new features, music services, and enhancements through regular firmware updates to provide the best audio experience.
 - Upgrade your listening experience with the WiiM Voice Remote (included).
-
